

Living Smart Strategic Plan 2014-2018

www.livingsmart.org.au

The Living Smart Strategic Plan 2014-2018 contains our aspirations for the next five years to create sustainable communities by being a behaviour change catalyst and facilitating, encouraging, supporting, inspiring and celebrating more sustainable ways of living through the delivery of Living Smart courses.

Our Values

Accessible

Our programs and services are widely available and accessible to our communities.

Focused

Our focus is on goal setting, personal action, education, community connection and celebration of our successes.

Lifelong learning

We operate on current and innovative community adult learning education principles.

Quality

We are committed to delivering programs that are well structured, evidence-based and comprehensive, covering many facets of sustainability and behaviour change.

Continuous improvement

We will continuously monitor, evaluate and improve our programs.

Self-sustaining

Our programs will be self-sustaining.

Key Strategic Areas

Our efforts over the next five years will focus on the following five Key Strategic Areas:

- Programs and Services
- 2 People
- 3 Partnerships and Financial Sustainability
- 4 Communication
- 5 Governance

Key Strategic Area 1 – Programs and Services	
Our Goals	Our Strategies
To provide high quality programs and resources for individuals and communities that encourages ongoing self-sustaining actions.	Keep up-to-date on research in sustainability behavior change mechanisms and activities with a view to improving Living Smart courses.
	Support new facilitators through mentoring to deliver high quality Living Smart courses.
	Continue to review, develop and refine existing modules in the Living Smart course and develop new modules and initiatives to enhance the Living Smart course.
	Regularly review the Participant Guide to keep it relevant and to ensure that it is up-to-date and fully interactive.
	Continue to build and annually review a library of case studies to promote the Living Smart courses.
	■ Ensure Living Smart policies and procedures are regularly reviewed and updated.
	Identify new clients by approaching appropriate Local Government Authorities.
	Identify areas of regional Western Australia where Living Smart courses could be conducted and organize facilitator training and support to conduct the courses.
	Maintain contact with Living Smart facilitators leaving Western Australia to establish Living Smart links in other regional, national and international areas.
	Develop an evaluation framework for monitoring all aspects of Living Smart courses.
	Review and improve the quality of Living Smart courses offered each year in order to improve existing courses and to develop new initiatives.

Key Strategic Area 2 – People	
Our Goals	Our Strategies
To nurture energetic and enthusiastic people in all aspects of Living Smart.	Support and grow the network of Living Smarties Groups to promote post-course engagement.
	Increase the number of trained Living Smart facilitators in order to grow the facilitator pool by conducting new facilitator training biannually in the metropolitan areas of Western Australia.
	Support facilitators by holding Facilitator Network meetings quarterly and providing training opportunities in order to share knowledge and experience.
	Support the Living Smart Coordinator to effectively deliver Living Smart.

Our Vision

Create sustainable communities through increased awareness of sustainability and ecological issues, shared actions to protect the environment and reinforcing sustainable behaviour change so we and future generations can enjoy the environment we live in.

Our Mission

To act as a behavior change catalyst by facilitating, encouraging, supporting, inspiring and celebrating more sustainable ways of living through the delivery of Living Smart activities.

Key Strategic Area 3 – Partnerships and Financial Sustainability	
Our Goals	Our Strategies
To strengthen existing partnerships and build new partnerships with potential stakeholders and achieve financial sustainability.	Explore ways to strengthen partnerships with existing partners and sponsors.
	Explore ways to build new partnerships with potential partners and sponsors wishing to provide financial support, sponsorships and in-kind contributions.
	■ Enhance relationships with Local Government Authorities.
	 Develop and implement strategies to engage a range of sponsors, donors and partners in Living Smart.
	Develop a fund raising strategy for Living Smart.
	 Explore, establish and annually review a fee structure for Living Smart courses to cover base costs to achieve financial sustainability.
	Identify funding opportunities to increase our revenue and to enable the development of new initiatives.

Key Strategic Area 4 – Communication	
Our Goals	Our Strategies
To support Living Smart through a communication and marketing strategy.	Develop and implement a communication and marketing strategy to promote Living Smart.
	Ensure that our messages to the community, stakeholders and potential stakeholders are clear, relevant and appropriate for each group.
	Maintain regular contact with stakeholders by identifying key stakeholders that would benefit from regular communication through the Living Smart website.
	Utilise social media and online resources to grow and promote Living Smart and encourage information sharing through Facebook, Twitter and any other relevant tools.
	Identify and maintain good working relationships with appropriate and relevant media for promoting Living Smart.

Key Strategic Area 5 – Governance	
Our Goals	Our Strategies
To encourage high standards of governance to guide and grow an ethical and accountable not-for-profit organisation.	Identify, recruit and retain a motivated, skilled and active Board committed to the Living Smart vision to ensure the strategic goals of Living Smart are achieved.
	Ensure the Board consists of members with diverse skills identified through the Board Matrix document and members are actively recruited to fill the gaps in skills.
	Develop, implement and review policies and procedures for all aspects of the Board's roles and responsibilities.
	 Ensure an operational plan is developed and regularly reviewed to progress the strategies contained in the Strategic Plan.
	■ Ensure that Living Smart values are reflected in everything we do.

Future Directions Summary

- We will deliver high quality programs that meet the needs of the community.
- We will continue to base our programs on the best available research evidence and through evaluation of our services to continually improve our programs.
- We will explore ways to expand the Living Smart courses to other parts of Western Australia and other States and Territories.
- We will continue to support our facilitators through the provision of training and support in developing and facilitating courses.
- We will explore ways to strengthen our partnerships and build new partnerships with potential stakeholders.
- We will develop and implement a communication and marketing plan and an operational plan to progress the strategic areas of our Strategic Plan 2014-2018.

Monitoring and Evaluation

The Strategic Plan 2014-2018 will be monitored regularly and evaluated annually by the Board to ensure ongoing relevance and to monitor its progress.
